

Preferred Exclusion Monitoring

for Privia Health Group, Inc. and Affiliated Entities

ProviderTrust's **fully automated and ongoing exclusion monitoring solution** removes tedious manual work from your team while eliminating risk with continuous screening for your entire population. Our best-in-class dataset leverages primary source data and your data records with unique identifiers to catch and match exclusions no one else can. From the moment we turn on monitoring, your data becomes **better than the primary source**.

We return **exact-match results only**, with a dedicated data oversight team that carefully considers any potential exclusion matches, such as a common name or misspelling, and resolves any false positives for you. We'll never miss a primary source update, so neither will Privia.

What We Monitor
